The personal identity of the person appearing before me was known to me, Notary Public.

The Chairman stated that UniCredit S.p.A., in accordance with the provisions of Law no. 14 of 24 February 2023, which ratified and amended Decree Law no. 198 of 29 December 2022 (known as the "Thousand Extensions Decree"), including extending - in article 3, paragraph 10-undecies - until 31 July 2023 the provisions on holding shareholders' meetings originally established by the so-called Cure Italy Decree (art. 106 of Decree Law no. 18 of 17 March 2020, as ratified and amended by Law no. 27 of 24 April 2020), has decided to make use of the right established by the aforementioned legislation by providing that the participation of shareholders in Shareholders' Meetings shall be exclusively through the Designated Proxy Holder pursuant to article 135-undecies of Legislative Decree no. 58/98 (the Consolidated Law on Finance), without them being physically present.

The notice of call of the Shareholders' Meeting containing the Agenda and acknowledging the procedures herein referred to was published on the Company's website and made available to the public on 28 February 2023, in accordance with the procedures provided for by current laws and regulations.

The Chairman asked me, Notary Public, pursuant to clause 16 of the Articles of Association and section 2375 of the Italian Civil Code, to draft the minutes of the ordinary and extraordinary sessions of the Meeting, in the form of a public deed.

Given the methods to be used for the Meeting, the Chairman asked that I, Notary Public, include the complete text of his annual welcome to shareholders:

"Good morning everyone and welcome to UniCredit's Annual General Meeting. It is a pleasure to be here with you today

at this decisive moment in our Bank's journey of transformation.

Over the last year, our strategic plan has made it possible to deliver unprecedented results. This very week, the European Central Bank (ECB) approved our share buyback. This is further evidence of the Bank's sound governance, especially at this critical, turbulent time for the financial industry. Our focus remains firmly on implementing our strategic plan—and this focus will not be lost. The external environment and market speculation will not distract us from this.

UniCredit has developed very rapidly and this has had a major impact on all our stakeholders.

Today, we have a better Bank, one that contributes every day to the growth of the communities in which it operates.

When Andrea and the top management launched the UniCredit Unlocked multi-year plan, the world was still grappling with the social and economic consequences of the pandemic. Twelve months on, our transformation process has had to face even greater challenges: the war in Ukraine, geopolitical tensions and slowing economic growth. In addition, the past few weeks have revealed some weaknesses in our industry.

Now more than ever, it is vital that banks continue to create value for their shareholders to weather any macroeconomic shocks.

UniCredit has been doing this for some time now, and in doing so it has distinguished itself in the European financial landscape. The major changes that have characterised this period have not distracted us from radically transforming our organisation and building a Bank for the future of Europe.

In 2022, we focused on improving our internal potential by concentrating on our staff. We reduced the complexity of the organisational structure, improved stakeholder support and enhanced the governance model. And the results are clear. In such a challenging year for financial institutions around the world, our position has remained solid and stable, enabling us to meet these challenges and deliver sustainable returns to our shareholders.

We have exceeded all expectations and the direction we want to take is clear. The share buyback demonstrates the strength of our business model. We have achieved the best results of the decade and seven consecutive quarters of growth. Not only are we improving our ratios, but we are overhauling the way we generate and distribute profits to drive growth and success. But our vision for UniCredit is not limited to financial results.

At our Bank, we think about the role that financial institutions should play in society. I hope we agree that banks can and should be an engine for change and progress.

This is precisely the goal we have set for the transformation of UniCredit: to build a bank that can create value for all stakeholders. Today we are a very different organisation to what we were – financially, operationally and culturally.

Being a better bank means giving the communities in which we operate the tools they need to progress. As a financial institution, we have a key role to play in helping individuals, households and businesses across Europe cope with a global economy characterised by high inflation and uncertainty. Our CEO has set a clear goal: to create a benchmark for the banking industry, and looking at UniCredit today, we are on the right track.

In such turbulent times, our organisation can set an example and encourage other market players to also work to create value for all by remaining mindful of our commitment and responsibility to our stakeholders. Banks can and should play a key role in society.

As a pan-European bank present in 13 countries, we are in a stable, solid position to do this to the best of our ability. During the pandemic, banks like UniCredit were like beacons and played a fundamental role in driving the economy. We want to continue to support the development of Europe and strengthen our market in Italy.

If Europe grows, we also grow. The parallels between our organisation and our continent are clear. At UniCredit, we had all the ingredients necessary for success and the required tools, and with a well-defined strategic plan, we were able to create a Bank capable of delivering exceptional and sustainable long-term results, accompanied by a major cultural transformation.

This is Europe's task, and Europe has the human capital and the cultural and historical heritage to build a world-class economy that can compete with the United States and Asia. But many things still need to change. Without true unity, in the form of a banking union and a financial market union, we will not be able to unleash our continent's potential and play the role we could and should play on the world stage. We need to start doing this now.

2022 was a year in which UniCredit was able to break many records because of the dedication and commitment of all our employees in executing our strategy. We will be able to say the same about Europe in a few years' time, if we take the steps our continent needs.

This is a unique time to be working for our Bank and I am proud that, through the work and efforts of all of us, we can look forward to 2023 with optimism and drive our ambitions even further. This is how we will succeed and, more importantly, how we will empower our stakeholders to do so.

Thank you all for continuing to trust us on this journey. As I mentioned, these are the things that make us a better Bank - a Bank that creates value for our customers, the communities in which we operate, and for all of Europe."

He then stated that:

- besides himself, the Chairman, no other member of the Board of Directors was present;
- the Board of Statutory Auditors was present in its entirety, in the persons of the Chairman Mr. Marco Giuseppe

- Mr. Manlio Stefano Nuzzo, Head of Group Corporate Affairs at UniCredit S.p.A.

The audit firm KPMG S.p.A. was represented by Messrs.

He stated that the share capital as of today's date was €21,277,874,388.48 (twenty-one billion two hundred and seventy-seven million eight hundred and seventy-four thousand three hundred and eighty eight point four eight) and was represented by 1,940,777,908 (one billion nine hundred and forty million seven hundred and seventy-seven thousand nine hundred and eight) shares with voting rights.

The Chairman also indicated that:

- the compliance of proxies with the current provisions had been verified;
- 1,336,844,847 shares with voting rights were currently represented through the Designated Proxy Holder - equal to 68.881908% of the share capital - for 3,641 shareholders who had given their proxies to the aforesaid Designated Proxy Holder;
- based on the information available, there were no situations that would prevent the exercise of voting rights under current rules and regulations.

The Meeting was thus duly established and able to pass valid resolutions on the items on the Agenda in a single call in ordinary session, in accordance with the law and the Articles of Association.

The Chairman then stated that:

- based on the contents of the Register of Shareholders, as updated for notices received pursuant to the law and for checks carried out for the purposes of admission to voting, there were currently approximately 259,000 registered shareholders;
- according to the information known to the Company and based on the results on CONSOB's website, the following shareholders held, directly or indirectly, more than 3% of the capital represented by shares with voting rights at this General Meeting:

.. BLACKROCK GROUP - 114,907,383 non-discretionary asset management shares equal to 5.921% of the share capital;

.. PARVUS ASSET MANAGEMENT EUROPE LIMITED - 100,050,182 non-discretionary asset management shares equal to 5.155% of the share capital;

.. ALLIANZ GROUP SE - 69,622,203 shares equal to 3.587% of the share capital.

The Chairman advised that the proxies had been received by Computershare S.p.A. in its capacity as the Designated Proxy Holder, as per the methods indicated in the notice of call.

He said that the results of the voting on all items on the agenda of this Meeting, both in ordinary and extraordinary session, would be provided by Computershare S.p.A. in its capacity as manager of Meeting proceedings and that the voting system would generate the necessary documents to be attached to the minutes and in particular:

- the lists of shareholders present by proxy;
- the separate lists for the different types of vote cast.

He then stated the "Report on Corporate Governance and Ownership" as provided for by article 123-bis of the Consolidated Law on Finance (TUF) and the "Integrated Report" drafted pursuant to Legislative Decree no. 254/2016, had been made available to shareholders and the market.

In accordance with the Bank of Italy's Prudential Supervisory Provisions for Banks, he announced that the internal policies on the control of risk activities and conflicts of interest involving associated parties had been updated most recently on 8 June 2021 - and published on the Company's website.

He further stated that all the information for the various agenda items for this Meeting had been published and made available in accordance with the deadlines and methods required by Law.

He noted that, pursuant to article 3, paragraph 2 of the Meeting Regulations, an audio recording of the Meeting would be made.

He then noted that Marco Bava, Tommaso Marino, ReCommon, Associazione Liberiamo la Basilicata jointly with Comitato Aria Pulita Basilicata Onlus, and Elman Rosania, representing a total of 14 shares, had exercised their right to ask questions on the items on the Meeting agenda pursuant to article 127-ter of the Consolidated Law on Finance (TUF).

In this regard, he reported that on 28 March 2023 the Company had published answers to the above questions on its website.

The Chairman indicated that the audit firm KPMG S.p.A. had requested an increase in the amount it would receive for its independent audit of the consolidated and individual financial statements, setting the required amount at €100,000.00 (one hundred thousand) for each financial year, starting from the year ending on 31 December 2022. This adjustment was due to the introduction of the European Single Electronic Format (ESEF) and the related judgements made in the audit report as required by Accounting Standard (SA Italia) 700B.

The Board of Directors, with the favourable opinion of the Board of Statutory Auditors, considered that the adjustment requested by KPMG S.p.A. was justified, congruent and in accordance with the resolutions adopted by the Shareholders' Meeting of 9 April 2020 and the contractual provisions, and approved it at its meeting on 16 February 2023.

The Chairman then moved on to discuss the items on the agenda of the Shareholders' Meeting in ordinary session, specifying that, also in accordance with the practice adopted in previous Shareholders' Meetings, he would omit the full reading of the relevant documents (including the Financial Statements) and the related Reports since all these documents had been made available to the public according to the methods and deadlines established by law.

He stated that the Supervisory Authority, having been informed in advance of the proposals submitted to today's Ordinary General Meeting for approval, had granted the necessary authorizations referred to in the texts of the resolutions for items 3 and 4 on 28 March 2023.

With reference to item one on the Agenda in ordinary session concerning the approval of the 2022 Financial Statements, the Chairman recalled that the Directors' Report, the Report drafted by the Independent Auditor Deloitte & Touche S.p.A. and the Report by the Board of Statutory Auditors had been duly published in accordance with the law, together with the documentation pertaining to the financial statements, and therefore would not be read out.

The Chairman invited me, Notary Public, to read out the text of the resolution proposal that the Meeting was being asked to vote on:

"The Shareholders' Meeting of UniCredit, in ordinary session, having acknowledged the contents of the draft 2022 financial statements approved by the Board of Directors,

1. to approve the proposal to restore the wider application of the 2:1 ratio between variable and fixed compensation to the whole population excluding the Corporate Control Functions and other Functions for which a more stringent regulatory cap applies.

It remains understood that for the Company Control Functions, People & Culture and the Manager in Charge of Drafting the Company Financial Reports, the more conservative approach, where the fixed remuneration is the predominant component of total compensation, is confirmed, in alignment with the regulatory requirements.
