

SpeakUp - How To for Reporters

SpeakUp Introduction

SpeakUp® is a service enabling you to report serious breaches that would otherwise not be reported, in complete anonymity. You can do this either via the website, by using the SpeakUp® app or by phone, without the interference of a human operator.

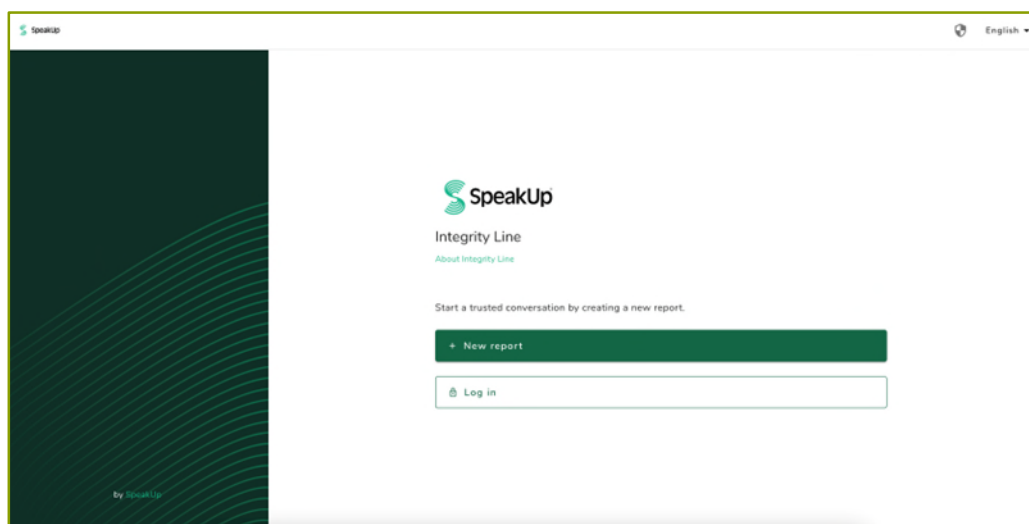

SpeakUp® is available 24 hours per day and 365 days a year. Therefore, you can use SpeakUp to leave a message or check for a response any time.

The service is operated by a third party, SpeakUp, an independent Dutch company based in Amsterdam, the Netherlands, and founded in 2004. SpeakUp is responsible for processing all messages.
